

Classmate Questionnaire – 50 Years

Fifty years!! How can that be? This questionnaire will be used to update our classmates on our journeys through life. Please provide the following information for our 50th reunion website directory. Return electronically by August 1, 2026 to admin@1976sjhsmanassas.com. In an effort to mitigate any risks associated with adding this information to our SJHS Class of 1976 website, we ask that answers be in a generic format. Please note: if there is information you would like to not be included online, please leave blank.

First and Last Name, previous names and nicknames: Mollie (Cantrell) Kloth
City and state of current residence (skip specific street address): Hartland, WI
Your passions and free time (What hobbies, interests or volunteering activities keep you busy?): Travel, hiking, photography, reading, flipped a few houses and find purpose in every day.
Favorite memories and milestones (A favorite life experience or adventure): Purchased my first home at age 18 with my own money. Very proud of that. I was part of a fine-dining group for 10 years. Salad making was my specialty at the start. I was immediately banned from signing up for salads so that I would be free to explore other dishes. I became a very good cook.
What do you consider your greatest accomplishment in the last 50 years:

I've always hoped I would raise good children. They are very good men and I am so proud. My youngest son is the best father!

I put myself through college and ultimately earned a Masters degree in Business Management and Finance.

Travels and Adventures (Share a few of the favorite places you've visited and/or any place still on you bucket list):

I have visited 12 foreign countries and plan to visit four new countries in November 2026. Thus far, Dubai was my favorite city in the UAE and Santorini in Greece. If you ever get to Santorini, don't shop (nothing is made there), get a glass of wine, sit down and enjoy the view. After seeing 37 of our 50 United States, Alaska—all of it, as well as Glacier National Park were my favorites. My goal: see the world. Truly eye opening.

Family Joy (If you'd like to share, tell us about your family make up, avoid specific names and ages due to privacy concerns):

I have two grown sons and one grandson who is very close to being a smelly teenager. My extended family are still in VA.

SJHS Flashback (Share a fun, general memory of our high school days):

I loved playing flag football in my junior and senior years. We had a "Mollie's Play" in our senior year. That experience has wowed a few male friends in that they never expected me to have knowledge of football, let alone play the sport.

Then vs. Now (share music/hobby you enjoyed in 1976 vs. what you enjoy now):

I've always been an avid reader and still am. I went to a number of rock concerts as a teenager and have in my adult years as well. Love John Mayer. I climbed Rag Mountain with a few high school friends and still hike wherever there's a trail.

Message to our class (share anything else you'd like our classmates to know about you):

I've learned the importance of making every day count and to enjoy life with as little stress as possible. Good health is crucial to longevity and taking good care of ourselves should be a priority.

Are you planning to attend our 50th reunion on October 3, 2026? Yes
